THE INSTITUTION is established for the relief of the Sick Poor of the Town and Neighbourhood of Warrington, and persons sustaining accidents.

Poor people attacked by any sudden indisposition will be immediately relieved without a recommendation ; but they must procure one by the next day to entitle them to continue as patients.

It is earnestly requested that personal inquiry be made into the cases of the patients recommended, and to insert the name of the street where they reside.

Life Governors who wish to have blank printed recommendation forms may be supplied by sending for them to the Infirmary.

Donors of not less than Twenty-five Guineas, and an Executor or Nominee of any person bequeathing One Hundred Pounds, become Life Governors.

The Dispensary

The Dispensary will be opened every day (Sundays excepted) at Nine o'clock in the Morning for dressing wounds ; and at Three in the Afternoon, when those who require a repetition of Medicines must apply.

Medical Attendance for general business will be given every day (Sundays excepted) at times arranged by the Board, and on Sunday in case of emergency.

Patients are required to deposit such sum with the Dispenser which will cover the cost of the bottles, &c., supplied, the same to be given back when the bottles, &c., are returned.

REPORT

OF THE

WARRINGTON INFIRMARY and DISPENSARY

FOR THE YEAR ENDING 31st DECEMBER, 1939

The Board of Management submit their Report for the year 1939.

PRESIDENT

The Board report with pleasure that the Rt. Hon. Lord Daresbury has consented to become President of the Institution, a position which his late father held for 31 years.

FINANCE

The European War, which commenced in September, has had a disastrous effect on the finances of the Institution. Steps had been taken to increase subscriptions from firms generally and other sources had been explored with a view to additional help being obtained. The result of the effort was considered fairly satisfactory and led the Board to believe that the heavy deficit last year would not again recur this year. However, hostilities started and prices of practically every commodity rose very sharply, some went to 100 per cent. over the pre-war figures. Again, as a hospital, certain precautions had to be taken for protection and the black-out. This has meant that the Expenditure increased very considerably in the last four months of the year. As in the last war, there is very little hope of prices keeping normal and increases must be expected.

At the last Annual Meeting of Governors, Sir W. Peter Rylands, Bart., again emphasised most strongly the need of Employers of Labour doing their fair share in the providing of money to keep the Institution going. An appeal on these lines was made and a number of firms, &c., have increased their yearly grants to an aggregate total of £900. Whilst this sum is fairly satisfactory, there is still room for improvement and this matter will be kept prominently before those Employers who are either not subscribing or whose subscription is very meagre. It must be remembered that the medical service of this Institution is most essential, and must be provided either by Voluntary effort or by State Aid, and in respect of the latter the Employers would be called upon to provide a larger sum than that which is being asked for by the Voluntary Authorities.

The deficit on the year's working was £1,756 18s. 0d. The Income had risen to £21,725 3s. 11d. from £19,875 3s. 1d. in 1938, an increase of £1,850 0s. 10d. Whilst the Expenditure rose to £23,482 1s. 11d. from £21,513 12s. 8d., the previous year, an increase of £1,968 9s. 3d.

The Bank Overdraft on the General Current Account is now £5,189 12s. 9d.

WORK OF THE INSTITUTION

This hospital, together with other Voluntary Hospitals of the Country, is part and parcel of the Emergency Hospital Scheme and will be called upon from time to time to render medical assistance to Air-Raid Casualties and members of the Fighting Forces. It may mean that the bed complement will be raised to double the present accommodation should the occasion warrant taking such a step. A number of sick and those sustaining accidents from the Fighting Forces have already been treated.

It has been found that the National black-out has caused a great many accidents and deaths, and hospitals generally have been called upon to an alarming extent and this Institution is no exception. The Casualties treated have been abnormal and it has thrown a great financial responsibility on the funds. Again, more patients continue to seek the medical assistance of the Institution. It has to be remembered that during the past two years many huge building schemes have been in course of erection and accidents from these places have been numerous. It has also meant that the majority of the workmen have come to reside in Warrington or nearby districts and in cases of sickness, etc., the hospital has had to provide treatment and accommodation. This on the present overtaxed accommodation is a great strain on the staff and the time is not far distant when a decision will have to be made whether extra accommodation is to be provided or a halt called as to the number of people that can be treated.

The work done in the various departments is given in the following figures :—

	1939	1938
In-patients	*2398	2470
Out-patients	5196	5094
Orthopædic Patients	2572	2175
Accidents and Emergencies	6893	6140
	<hr/> 17059	<hr/> 15879

**At the beginning of the war the wards were practically empty for two or three weeks.*

The work of the Cancer Clinic and the Ophthalmic Clinic continues to grow and bears out all that the Board stated in their last Annual Report. Any person interested in the question of Cancer is advised to help the Warrington Infirmary Clinic before sending money out of town. The Clinic has been the means of sparing pain and anxiety to those patients, who in the past were forced to travel fairly long distances to be examined by Cancer Experts. To-day they are seen in their own town.

INCOME

1939	1938	1937
£21,725 3s. 11d.	£19,875 3s. 1d.	£19,083 12s. 10d.

The Income shows an increase of £1,850 0s. 10d., over the previous year and as stated before in this Report it was believed that the Income was more in keeping with the Expenditure, until the war came and hopes were shattered. The Annual Subscriptions are up £815 0s. 8d. ; the result of a stirring message by Sir W. Peter Rylands, Bart., at the Annual Meeting of Governors and followed up by an appeal to all the Employers of the town. The Workpeople's Committee Grant was also increased by £600 11s. 6d. Perusal of the Statement of Income and Expenditure will show the rise and fall of the various items.

EXPENDITURE

1939	1938	1937
£23,482 1s. 11d.	£21,513 12s. 8d.	£19,415 6s. 0d.

The extraordinary rise in expenditure is mainly due to the war conditions.

Prices rose quickly and they will tend to rise more as time goes on. The provisions item alone is £425 7s. 9d., more than the year 1938. Whilst Dressings, Instruments, etc., cost over £310 more than the previous year. The Nursing Staff Salaries item, which represents a full year since the increase was made, shows an increase of over £500.

BOARD OF MANAGEMENT

Mr. Charles E. Parker and Mr. I. Bowen died during the year and their loss is deeply regretted. Mrs. Henry Roberts resigned her position as President of the Ladies' Committee and also her seat on the Board. It was with great regret that Mrs. Roberts' resignation was accepted as she has been connected with the Institution for a great number of years.

Mr. B. Parkes resigned his seat on the Board and the Rev. C. A. Neeve was appointed in his stead.

HON. MEDICAL STAFF

Dr. Robert Coope resigned his position as Consultant Physician after an association with the hospital of nearly 10 years. The Board desire to place on record their great appreciation of the work which he did and for the valuable advice he was able to give to the Institution in general. Dr. E. T. Baker-Bates accepted the Board's invitation to act as Consultant Physician. Unfortunately, he was called up for service at the beginning of the war so that the hospital has only had a few months of his valuable experience.

Mr. D. H. Young, F.R.C.S. (Hon. Surgeon) and Dr. J. A. Ross (Radiologist) were also called up for service.

The Board express the sentiment that these gentlemen will return safely to continue their work at this Institution.

The other members of the Medical Staff are carrying on their usual duties.

The Board once again give thanks to the Medical Staff for their work during the past year.

PATHOLOGICAL SERVICE

It was considered desirable both by the Infirmary Authorities and the Corporation Health Committee that there should be a Pathologist available daily in Warrington, and as the old arrangement was for the attendance of a Pathologist on two days a week it was decided that the existing agreement be terminated.

Out of a number of applicants for this post, Dr. Vincent Magee was appointed Pathologist. He has had considerable experience in Pathological and Bacteriological work both at the Bristol University and in hospitals.

Under the new arrangement additional apparatus has had to be purchased.

OBITUARY

During the past year the Institution has suffered the loss of the following friends and benefactors :—

Mr. Charles E. Parker, Life Governor, Subscriber and Member of the Board of Management.

Mr. I. Bowen, Subscriber and Member of the Board of Management.

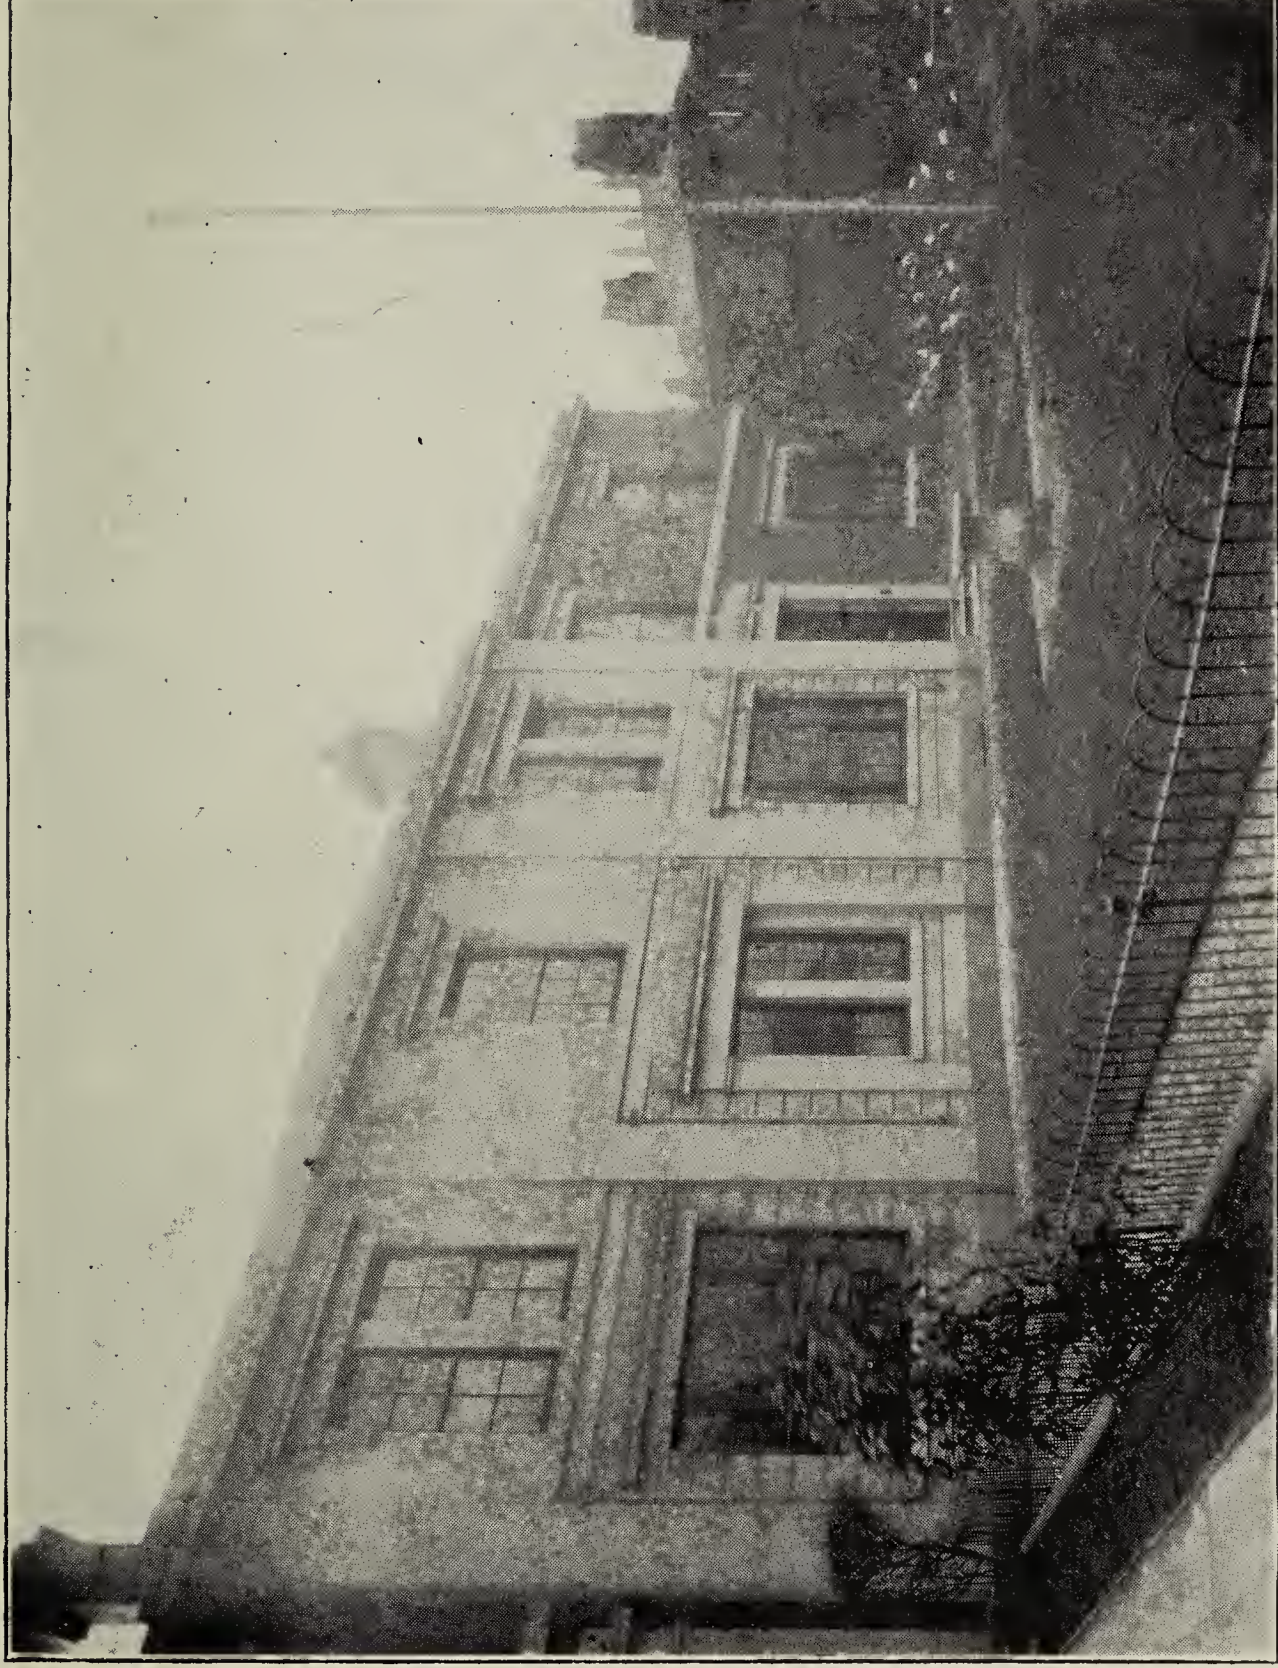

Rev. Wilfred J. Stanton, Life Governor.

Mr. Thomas Albinson, Life Governor and Subscriber.

Mr. Alderman Joseph Banks, Life Governor.

Mr. W. Ebor Thornton, Life Governor.

Mr. J. H. Clarke, Subscriber.

NURSES' HOSTEL

CHILDREN'S WARD AND INFECTION

For some considerable time the Board, together with the Medical Staff, have been very concerned about the number of children who have been found to be suffering from infectious disease after having been in the Ward for few days. This has meant the Ward being closed for admissions for varying periods and has thrown added responsibility on the staff. It was therefore decided that six cubicles should be erected so that new cases be kept by themselves for a certain period and if it is found that infection is present there is no disorganisation of the rest of the Ward. These cubicles have been in use for the past few months and the Board are awaiting the result of this experiment.

It is placed on record that Mr. C. F. Hill, Member of the Board, defrayed the cost of these Cubicles and the thanks of the Board have been suitably tendered to him for his kindness.

NURSING HOME

It was recommended by the Nursing Home Committee that after a review of the amenities of the Home covering a period of six years, certain alterations might be made which would tend to improve the service. It was suggested that the Home should be a separate unit under the control of a Sister in Charge who would be responsible solely to the Committee. Also that the food should be prepared and cooked in the Home itself under the direction of a Qualified Lady Cook who would also act as Housekeeper. Certain private rooms which were on the small side were to be made larger and provision was to be made for Sitting Room accommodation for patients and staff.

The Board decided that the alterations should be done and the work is now in progress. It is hoped that the Home will be ready for use some time next February.

ENDOWMENT FUND

The only item received for this fund was a further £75 from the Warrington Horse Society who are raising £500 to endow a cot. Up to the present the sum of £275 has been received from the Society.

SPECIAL BUILDING FUND

The following free Legacies have been received during the year and placed to the credit of the above Fund :—

	£	s.	d.
The Exors. of the late Miss Martha Smith	100	0	0
The Exors. of the late Mr. Thomas Albinson	50	0	0
The Exors. of the late Mrs. Alice Bebbington	10	0	0

Mr. Roger C. Parr also gave a donation of £117 15s. 0d. to the above fund to be specially allocated to the Nursing Home alterations.

The Deficit on this fund now stands at £4,332 13s. 10d.

NURSING STAFF

Under the scheme for training refugee German and Austrian Women two have been received and commenced their training.

The house adjoining the Nurses' Hostel which was purchased in 1938 has had to be put unto use owing to the additional number on the Nursing Staff. It was decided to use this particular house for the Sisters and so free eight rooms in the existing hostel. The accommodation will be ready for use in the early part of January.

The Board are pleased to report that the Nursing Staff Hours on Duty have been further reduced which has meant the engaging of additional staff,

It is hoped that this step together with the increase of salaries in 1938, when brought to the notice of the general public will influence those persons interested in this matter to help in a financial way towards the extra cost involved.

During the year five Probationer Nurses have passed the State Final Examination and eight Probationer Nurses have passed the State Preliminary Examination. Four Nurses have been successful in passing the Hospital Final Examination and have received the Silver Badge of this Training School.

HOSPITAL SUNDAY FUND

£363 5s. 10d. has been received from the above fund, an increase of £21 16s. 2d. over the previous year.

The Clergy and those persons who subscribed together with Mr. J. L. Collin, for his services as Hon. Secretary, are thanked by the Board for this financial aid.

WORKPEOPLES' INFIRMARY COMMITTEE

During the year the sum of £10,596 15s. 9d. has been received which was an increase of £600 11s. 6d. over 1938. More demands have been made on this Hospital than hitherto and it should be pointed out that the cost of treatment at other hospitals for contributors has been increased very considerably.

The Board are very grateful for this help and also the ever ready assistance which the Representatives from the Workpeople's Committee who sit on the Board give in various ways.

INFIRMARY BALL COMMITTEE

The sum of £160 was given in 1939 an increase of £10 over the previous year.

The thanks of the Board are given to this Committee for their help.

LADIES' LINEN GUILD

The grant this year was £310 which was similar to the one in 1938.

The Board tender their sincere thanks to the Officials, Collectors and Subscribers for this amount, and their continued assistance.

LEAGUE OF HELP

This year the grant was £200, a decrease of £70 on the year 1938, and the thanks of the Board are tendered to this Committee for their valuable help.

THANKS

The sincere thanks of the Board are tendered to the Infirmary Ladies' Committee, Children's Cot Committee, Alexandra Rose Day Committee and all kind friends for services and financial assistance tendered to this Institution during the past year.

The Board also desire to thank the various staffs for the efficient way in which they have carried out their duties

The Christmas Festivities for the patients and staff, whilst somewhat modified this year, were enjoyed and carried out without any expense to the General Fund.

IN-PATIENTS

The daily average number of beds occupied, the average length of stay of each patient and the cost per occupied bed, are as follows :—

	1939	1938
Daily average number of beds occupied	83.39★	93.75
Average stay in days	12.95	13.91
Cost per occupied bed per annum	£188 1s. 4d.	£155 12s. 11d.
Cost per occupied bed per day	10s. 4d.	8s. 6½d.

★*The hospital was practically emptied at the outbreak of war.*

JAS. H. SMETHURST,
Chairman of the Board.

Report of the Medical Board

The Medical Board present their report for the year 1939.

They wish to report the absence on Military Service of the following Doctors :—

Dr. Baker-Bates (Honorary Consulting Physician).
Mr. Young (Honorary Surgeon).
Dr. Ross (Radiologist).

Also it should be noted that Dr. Coope resigned his appointment as Honorary Consultant Physician at the end of June and Dr. Baker-Bates was appointed as his successor.

The agreement with Dr. Mitchell to act as Pathologist was terminated during the year and the Board of Management appointed Dr. V. Magee to act as full-time Pathologist.

During the year 304 new Medical patients attended, of these 160 were In-patients and 687 attendances were made at the Out-patient Clinics.

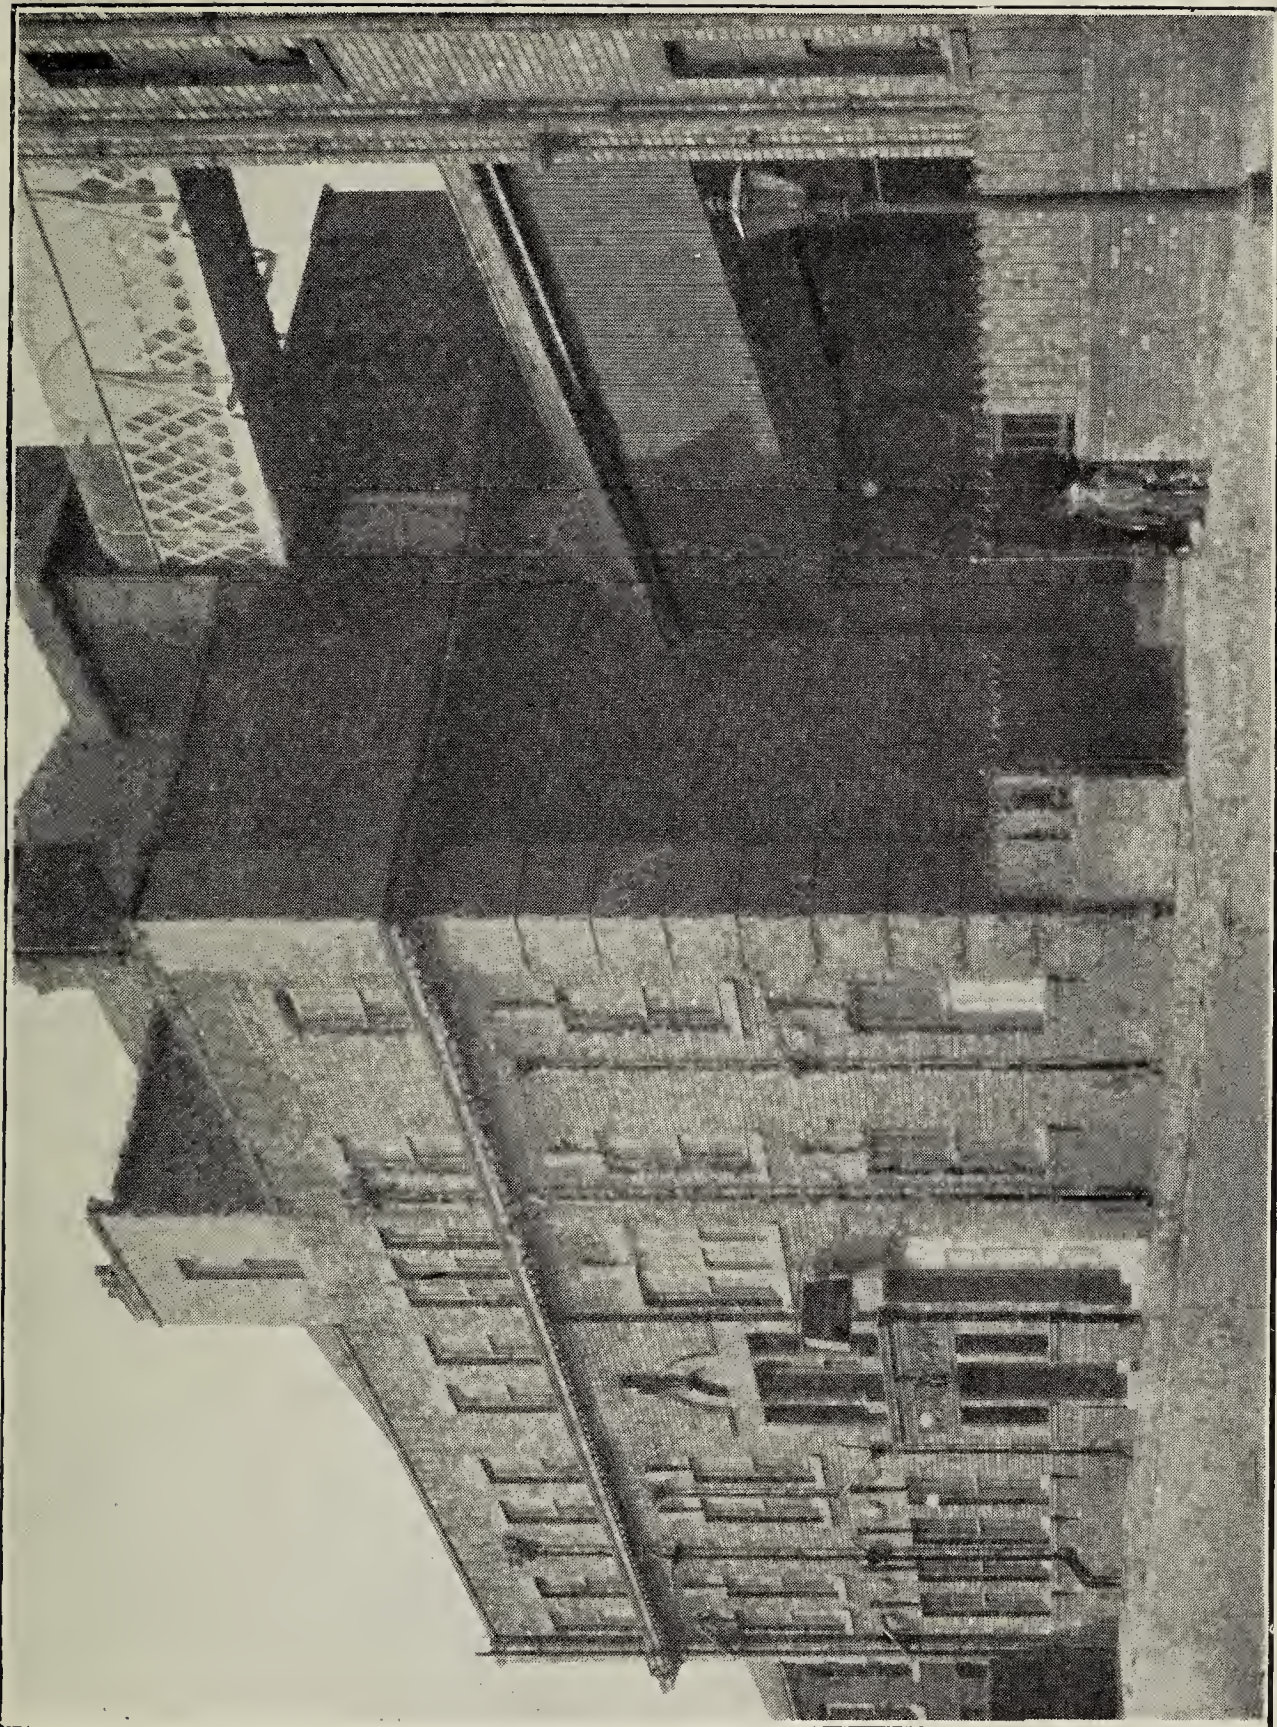

In the Skin Clinic the number of new cases for the year 1939 was 315, showing an increase of 20 on the previous year and the attendances were 2,122, showing an increase of 972. Thirteen Public Health Cases have attended for treatment with the Kromayer Lamp.

In the Surgical Department 1,152 new patients have been dealt with during the year ; 1,686 attendances have been made and 599 operations performed.

In the Gynæcological Department 163 new patients have been treated ; 294 attendances made and 104 operations have been performed.

The number of patients attending the Orthopædic Department has increased considerably during the year 1939 ; 2,573 patients have attended and the treatments carried out were 39,264 showing an increase of 1,757 on the previous year.

In the Ear, Nose and Throat Department, 648 operations have been performed on In-patients and many minor operations have been carried out on Out-patients, causing a decrease in the number of patients on the Waiting List. In the Out-patient Department 1,015 new patients have been treated showing

NURSING HOME

an increase of 80 on the previous year ; of these 480 were cases of enlarged tonsils in school children, 29 of whom attended for treatment of other defects.

Details of the work of the Pathological Department will be found on another page.

There has been an increase in the amount of work done in the X-Ray Department during the past year ; 4,685 patients were dealt with showing an increase of 653 on the year 1938. There has also been an increase in the number of treatments given by the X-ray Therapy apparatus.

There has been an increase on the year in the work of the Ophthalmic Department ; 925 new cases have attended the Out-patient Department against 876 new cases in 1938 ; of these 285 were children examined for the Education Committee. Many emergency cases have been seen by the Clinical Assistant and 65 operations have been performed against 48 last year. Cases from the Warrington Blind Institute have also attended for examination and treatment.

138 new cases have attended the Dental Out-patient Department during the year ; 236 attendances have been made and 40 operations performed on In-patients. A considerable number of patients have been treated as Out-patients instead of putting them on the In-patient Waiting List thus helping to keep the Waiting List down.

40 Patients have attended the Radium Clinic, now under the supervision of Dr. Nuttall of the Holt Radium Institute, and 173 attendances have been made during the year.

The Medical Board take this opportunity of thanking the Resident, Nursing and Administrative Staff for the good work they have done during the year.

L. S. B. TASKER,
Chairman.

**PLEASE DRAW THE ATTENTION
OF YOUR FRIENDS TO THIS
SERIOUS STATE OF AFFAIRS**

The Secretary is always anxious to add new names to the List of Subscribers, and would deem it a favour if present Subscribers would help him by sending the names and addresses of others whom they think likely to be interested in the work of the Infirmary and to contribute to its funds.

If desired, further copies of the Annual Report will be gladly supplied on application.

NOTE.—Recommends are being eagerly sought for, and Subscribers who have no call for them will be doing an excellent service if they would kindly return their Recommends to the Secretary, who would distribute them in places where they are needed.
